

Best Start

Parent Feedback

Dear Parents and Carers

Before starting Kindergarten, your child participated in a *Best Start* interview. The purpose of *Best Start* is to provide your child's teacher with information that will help them personalise learning programs.

During the *Best Start* interview, your child's teacher assessed their literacy and numeracy skills. It is not expected that Kindergarten students start school demonstrating all skills assessed during *Best Start*.

The following summary contains observations which were made during your child's *Best Start* interview. The areas of literacy and numeracy assessed are outlined in the blue cells in each table.

The statements that follow describe the skills your child demonstrated during their *Best Start* assessment and those they will be supported to develop at school this year. You are welcome to discuss this feedback your child's teacher, who can also provide information on how things are going so far this year.

Ms Eleanor Ridder, Mr Christopher Monaghan, Miss Amy Waterhouse
and Mrs Lani Roberts, *Kindergarten Teachers*

Dr Abigail Sawyer, *Proud Principal*
